What are your expectations for the rest of this semester?

**- I'm most looking forward to helping the new pledges find their home in Sigma Chi as this year's Magister. I'm personally aiming for the Dean's list for both semesters of my senior year.**

**-Dillon Henke  
2022**

**- As the new recruitment chair, I hope to bring in new brothers that show our values and represent us well on campus, as well as off campus. I also hope to put on fun events that will be a hit with the rest of the campus.**

**-Tim Geocaris  
2024**

I am excited to start my first full academic year as a Sigma Chi. With the ongoing pandemic I will welcome the chance to enjoy brotherhood found in this fraternity. I look forward to the mutual encouragement both academically and personally throughout the semester. This semester will no doubt be filled with challenges, but I feel that they will bring me and my brothers in Sigma Chi closer.

2024

My first goal of the year is to maintain and improve upon the academic excellence that I have been able to achieve in the past two years here at Ripon. It is additionally my goal to grow the scholastic environment of the chapter and brotherhood as a whole. I want brothers to achieve all of their goals this academic school year, and I want to be able to help in any way I can.
